Mathieu Lamolle
Standards Map & Benchmarking
International Trade Centre (ITC)

Mathieu Lamolle has more than 10 years of experience in international trade, market access and sustainable development. He holds a Master's degree in International Economics and Management from the Solvay Brussels School of Economics and Management (SBS) and speaks English, French and Spanish.

Mathieu is leading the development of the Standards Map global database of sustainability standards, codes of conduct and audit protocols at the International Trade Centre (ITC). He coordinates the partnerships with the standards organizations and the related benchmarking activities leveraging the Standards Map global database and web-platform (www.standardsmap.org). He regularly provides technical assistance and trainings to companies on methodologies to develop successful sustainable sourcing strategies, integrate sustainability in their supply chains and meet international market requirements.
